

Open Call for Erice Training School 2019 Grants

COST Action MyWAVE is co-organising the 9th International School of Bioelectromagnetism “Alessandro Chiabrera” with the European BioElectromagnetics Association (EBEA). The topic of this renown training school is much in line with the MyWAVE areas of interest:

"Possible Biomedical Applications of Electromagnetic Fields to cancer: from biology and in silico to clinical perspectives"

Location: Erice, Sicily, Italy.

Dates: March 24 – 30, 2019.

More information about the training school:

<https://www.facebook.com/EISBem>

<http://www.ebea.org/erice-school-2019/>

<http://www.eisbem.eu/index.php/2019-ix-course/>

A detailed list of topics that will be discussed at the training school is provided on the facebook page.

MyWAVE Grants for Trainees:

COST Action MyWAVE is offering a minimum of 8 grants for interested trainees to participate in the training school. The grant covers the Registration fee (which includes meals and accommodation) and a contribution of 200 € for the travel.

To Apply:

Please send:

- Letter of motivation (max 2 pages);
- CV (max 2 pages);

by email to lourdes.farrugia@um.edu.mt or Emily.porter@nuigalway.ie and to the School and Course Directors (school@ebea.org)

The deadline for application is February 1st. Notifications to Grantees will be sent starting mid-February 2019.
